(RESPONDING TO COVID-19 EDUCATION SECTOR CHALLENGES)

Opportunity for Federal and State Government schools to apply for direct School Support to prepare final year students writing September – October 2020 NABTEB Examinations

The development Research & Projects Centre (dRPC), in collaboration with the Nigeria Labour Congress (NLC), invites Government Secondary Schools (Federal and State) with students writing NABTEB exams in September – October 2020 to apply for direct school support for activities intended to improve examination outcomes and improve transition to the world of skill-work in order to mitigate the negative impact of Covid-19 on the school system. **Business, Vocational and Technical School Principals are encouraged to apply on behalf of schools.**

Examples of activities we will support are: After school hours coaching; airtime for on-line coaching or for students to access recommended websites; purchase of past question papers and answers or textbooks; purchase of Covid-19 protection materials such as hand sanitizers; tables and chairs so that students can be separated.

Examples of activities we will not support: Private individual lessons; any activity associated with exam malpractice; or related activities.

Added Advantages: Schools with large populations of students; schools with a large number of female students; schools in disadvantage communities or peri-urban or rural areas; with a functioning PTA or Schools Based Management Committee; schools with guidance and counselling programs; and schools with plans to provide follow up support to mentor school leavers will all have an added advantage.
