

STATES' HEALTH BUDGET FOR PACFaH FOCUSED AREAS

The Partnership for Advocacy in Child and Family Health Project (PACFaH) has been focusing on four critical areas of health with the purpose of encouraging government to plan for and increase health funding to these 4 most important sectors in child and family health in Nigeria. The PACFaH Project currently runs in 7 States of the Federation, they are: Bauchi, Kano, Kaduna, Lagos, Nasarawa, Niger, and Oyo.

State Governments being the closest to the People are the primary focus of the PACFaH programmes and to ultimately see States show commitment to ensuring through their budgeting for these 4 most important areas of Health. Shown below are some State Governments' health budgets to the PACFaH Project focused areas..
