

School Based Management Committees

2011 - 2018 Budgets

In Nigeria, School-Based Management Committees (SBMCs) are established by government to act as a bridge between schools and the communities they serve.

SBMCs are intended to contribute to school development planning and decision-making at the school level for improved learning outcomes.

SBMCs are non-political voluntary groups made up of people who represent the school community and may include pupils, teachers, parents, community leaders as well as other community-based groups interested in education.

SBMCs meet regularly and organise activities to improve the way schools operate and support the government's responsibility of ensuring quality education for all.

SBMCs are usually involved in:

- Contributing to the overall planning, management and monitoring of schools and to the decision making process
- Encouraging the interest of both community and government to support school improvement
Enabling the wider community to have a voice in the improvement of education
- Monitoring, and communicating issues to the community and to local/state governments

Budget Summary

Year	Total
2011	25,855,669
